

CARRIE FLANDERS

Governing Board Member, Brea Olinda Unified School District

It has been a privilege to serve as a Brea Olinda Unified School District Board Member for eight years; two as Board President and three as an elected member of the California School Board Association Delegate Assembly, advocating for BOUSD students. As a Trustee, I put the kids first in every decision I make.

Education is my passion! Starting my career as a teacher gave me an inside perspective. I believe the mental health and safety of kids is top priority. They deserve to be supported and challenged in their education. I am a strong leader, working to keep our district moving forward, valuing input from you, the stakeholders, to make sure we do right by kids.

I'm an active member of the community, serving as a past Planning Commissioner and PTO President. I'm currently a 10-year member of the Rotary Club of Brea, whose fundraising efforts largely support Brea Schools.

As a 39-year resident of Brea, my husband and I chose to raise our 4 kids here because of the special bond between the community and the people who work at Brea Olinda Unified School District, educating and caring for our kids.

I would be honored if you would support me with your vote, allowing me the opportunity to continue my commitment to serve Brea's kids!
