

**DIANA D. HILL****AGE: 61**

Governing Board Member Los Alamitos Unified School District

I've been honored to serve LAUSD as a trustee since 2010.

Randy and I raised our family here because of the schools. I know first-hand there is a direct correlation between the quality of our schools and home values.

I strive to ensure students receive a world-class education in a safe environment, where parents have a voice.

During my tenure:

Two Bonds which modernized all school sites, world-class STEM Building, aquatic center, track & field

Projects completed on time and on budget

Increased safety measures for students and staff

Over 90% of graduates enroll in post-secondary education

Blue-Ribbon and Gold Ribbon Schools

Championships in Art's and Athletics

Increased access to mental health counselors and established Wellness Spaces

I strive to maintain a culture of "keeping the main thing the main thing". I make myself accessible to students, parents, staff, and the community.

Served as:

President of LAEF

Chaired Measure K

Chaired Bond Oversight

Special Ed PTSA

DLAC

My profession is Executive Director for Pathways to Independence which supports young at-risk women.

I believe that education is the difference maker in our society.

I would be honored to passionately serve our students, parents, staff, and community as a School Board Trustee.
