

VICKY RODRIGUEZ

Tax Preparer/Notary

I'm a 28-year resident and current business owner in Costa Mesa. My children attended NMUSD schools and my youngest is currently an IEP Special Education student. I've been involved with our schools through PTA leadership. I've served my community by providing free notary services at our Senior Center, teaching American Heritage citizen preparation classes, assisting non-citizens in filing tax returns, organizing toy and food drives, and serving in multiple volunteer organizations. I was the Harbor Mesa Lions Club treasurer and a Chamber of Commerce Ambassador.

I want to serve as your trustee to build a bridge of communication between parents and the district to address the educational needs of all our students. For too long, our Westside community voices haven't been heard. Our students need to higher education to enter the workforce.

My priorities are:

- Expansion of career education and opportunities
- Free tutoring for low-income students
- Increased safety training for teachers/staff
- Outreach for parent volunteers in classroom
- Address current math curriculum
- Additional class time for underperforming students

If you want a trustee that you will see in our schools and not just on the school board, vote for me! I will continue to work to make your voices heard and address the needs of our students.
