

DIANA LEE CAREY

Governing Board Member, Huntington Beach Union High School District

As a Trustee and lifelong educator, I am honored to serve the students, parents and community of the HBUHSD. During these difficult times, through stable leadership and our wonderful staff, our priorities remain mental health, safety, comprehensive educational opportunity, continued sound fiscal management and respect for diversity.

Each campus provides an emotionally supportive environment with resources including a nurse, counselors and psychologist. Our strong academic programs include a dual-enrollment program with Goldenwest College; AVID; MERITS, STEAM and science programs that partner with local business, the OC Food Bank and universities; award-winning visual and performing arts, including the Academy for the Performing Arts; high quality instructional and technological materials; 24-hour academic tutoring; 44 career pathways; and many athletic and co-curricular opportunities.

Leadership requires fiscal responsibility and community involvement. I currently serve as: Coastline Community Colleges Bond Oversight Committee President; Westminster City Measure SS Oversight Committee Chairwoman; Westminster School District Bond Oversight Vice President; Rose Center Theater Foundation Vice President; founder of the USMC Family Adoption Project.

I received the Calif. Woman of Distinction in Education and the Arts Award; Calif. State Woman of the Year Award; Westminster Citizen of the Year Award; US Congressional Public Service Award; and a City of Fountain Valley Crime-Fighter Award. I am endorsed by community leaders, parents, first-responders and teachers.

I will continue to work collaboratively with our community, and fight for the resources necessary to keep our schools safe, and provide quality programs that prepare our students for a successful future.
