

MEGAN IRVINE

Nurse/Business Owner

The Fountain Valley School District has the honor and responsibility of cultivating a learning and working environment where all our children and our staff feel loved, safe, and supported. My priority as your School Board Trustee is to be available to you and transparent in what actions we take. I will advocate for our students to have more counseling support at each school and because the safety of our students and staff is of the utmost importance, I will work diligently to ensure our school campuses are secure.

I am asking for your vote so I can ensure this is our reality. A reality not just for my children, but for all children and staff.

As a mother of two students in the Fountain Valley School District, Fountain Valley business owner, current and past PTA President and Girl Scout leader, I have firsthand experience volunteering with our students and staff and can see where we can improve.

We must lead with forward thinking mindsets and take the time to listen to the teachers, parents and community to provide what is truly needed.

We must strive to do better.

Endorsed by FVSD Teachers and FVSD Trustee Steve Schultz.
