

**PHU NGUYEN**

CEO/Business Owner

Elect Parents, Not Politicians.

I am a parent of three kids currently attending Fountain Valley schools, a parent who has served as the President of the Parent Teacher Organization, who coaches his kid's basketball team, who organizes school fundraisers such as Jog-a-thons, who washes cars for Science Camp, and a parent who chaperoned 60 eighth graders on a Washington DC field trip.

I have also served the community on the Citizen's Oversight Committee of the \$698 million bond enhancing our local colleges.

Professionally, I run 3 businesses, one based in Fountain Valley, that employs over 100 people.

With your vote, I will bring a parent's perspective to the School Board. We need parent representation on the board! If elected, I will fight for the best interests for all our students; focusing on school safety, increased resources, and an equal opportunity for all students to succeed.

I always tell my own kids, "I want you to get good grades, but I also need you to be kind, work hard, and be respectful." Schools must not only be a place of academic achievement, but also be a place to help mold thoughtful and compassionate human beings.

Together, let's do this!
